

 PEPPY SAN BADGER 

Among other honors, in 1977, PEPPY SAN BADGER won the NCHA Futurity. He followed that with a win in the NCHA Derby in 1978. In 1980, Little Peppy was also inducted into the NCHA Hall of Fame. He topped off his victories by being named the 1980 Reserve World Champion and winning the Open Division of the 1981 NCHA Finals. Besides his accomplishments in cutting competition, Little Peppy was, until recently, the all time leading sire of NCHA competition cutting horses. His offspring have won in excess of \$20,000,000.

Bob Kleberg also introduced King Ranch to the sport of kings. The thoroughbred breeding program began producing results with victories in stakes races as early as 1936.
